### LATEST NEWS.

#### Foreign.

The London Standard announces that it is now more than probable that the congress will meet the first part of June.

At St. Petersburg correspondent states that the rumors that Russia is endeavoring to negotiate a new loan are without foundation.

There is no change in the situation in eastern Europe. The dispatch from Ottawa, to the effect that the Imperial government had notified the Dominion authorities that war is inevitable has been denied.

A Vienna dispatch says the possibility of a congress seems to be generally admitted, although few have confidence in its results. Count Andrassy no longer has implicit faith in that mode of settlement.

Count Schouvaloff, in conversation with other diplomats at Berlin, described the proposals he was carrying to England as pacific. He seemed confident that they would not be rejected. Baden Baden is again proposed as the place for the congress to meet.

A London dispatch says: Two unarmed Russian war vessels passed through the sound clandestinely on Monday night. It is supposed that their destination is America. Russian agents are in Sweden inspecting shipping with a view to the purchasing of cruisers.

#### Domestic.

The power of the Potter committee has been extended to any State where there may be well founded allegations of fraud.

Secretary Sherman has demanded that he be heard before the Potter committee. Hon. S. Shellabarger will represent him.

The most intense excitement prevails in Canada. The Dominion militia are supplied with arms and ammunition, and are ready at an hour's notice to concentrate forces to repel an invasion of the Canadian border. The soldiers say no doubt exists in their minds that an invasion is imminent.

Chicago detectives have arrested David P. Maitland, recently of San Francisco, whence he ran away this spring, having gotten his friend and benefactor, Thomas Tinsley, of California, into a stock speculation by which he lost \$15,000. Maitland's last act in San Francisco was to take the depreciated stock to sell for Tinsley, and having realized \$1500 on it left without settling.

#### Pacific Coast.

Washburne was serenaded at the Palace hotel, San Francisco, Tuesday night.

The prisoner who escaped from the custody of Sheriff Riley, of Yreka, Saturday, has been recaptured.

Ira Allen, a pioneer of Pajaro valley, died at Watsonville Tuesday from the effects of laudanum or morphine.

Kearney entered a meeting of dissatisfied stockholders of the Day silver mining company in San Francisco and was ruled out without ceremony.

In answer to an inquiry Linderman has telegraphed this to Superintendent Dodge of the San Francisco mint: "Silver certificates issued by the San Francisco mint available anywhere in the United States for all public dues."

### Personal.

Ex-Congressman Washburn lost \$150,000 by the Minneapolis fire. Mr. Sankey says he never did sell patent medicines, and he ought to know.

Count von Moltke's first military distinction was won in the service of Sultan.

Mrs. Lander has been giving private readings at Grace Greenwood's house in Washington.

Delegate Cannon of Utah, has a \$30,000 house, upholstered with six wives, according to reliable statisticians.

The Emperor of Austria is a man of fair height, with reddish hair, turning gray, and a surprised expression.

Lord Dufferin will spend the summer cruising in the Lower St. Lawrence, and leave Canada finally in October.

Bastiat, the distinguished French economist, has just been honored by the unveiling of a statue to his memory.

While at the point of death Mayor Kane, of Baltimore, embraced the Roman Catholic faith. Then he began to recover.

## TAX-PAYERS MEETING.

Every good citizen should be at the tax-payer's meeting to-morrow night, and induce his neighbor also to attend. There are many points at issue between citizens and officials, which the people should understand. Citizens have a right to know everything which affects their prosperity, and especially all facts relating to the expenditure of public money. Delegations from the body of the people have been appointed by law to investigate these matters and rendered adverse reports. There has been no notice taken of these criticisms and misunderstanding has grown out of the fact.

It is apparent to every body that these reports should be cancelled or made the texts for positive action. They can not be smiled or frowned down, and the grand jurors feeling that the people are with them, ask all tax-payers to meet them for final discussion and disposition of the charges made. A fair and equitable ending of the matter is the desire of every man who wishes to see the right prevail. Let tax-payers come and give their opinions upon these charges at the court-house on Friday evening, May 24th, 1878.

## A POINT.

Our next bonanza will doubtless be found in the Ophir. In two or three months they will be able to show up a great amount of ore. There will no doubt be found a very good body of ore on the 2000-foot level.—Enterprise.

We don't believe that the Enterprise would seek to induce large investments in Ophir, but we know that announcements like the above are calculated to mislead. The Enterprise does not know whether there is a bonanza in Ophir or not. If the fact were known it would not be mentioned. As it is a matter of prophecy, there is need of great allowance for error in the calculation, don't sell your cooking stove to buy Ophir.

## ANSWERED.

The Carson Tribune wants to know who were instrumental in robbing the State of \$100,000 to build walls at Reno which are no earthly account! If we remember right the legislature had something to do with that, and the chances are favorable that another year the new body will take up the work and complete it. The people of the State have approved of the work, and it is without doubt their will that it be finished. Had the famous compromise not been in the road last year and intimidated every kind of legislation, the prison would now be well nigh completed.

## HIS CLAIMS.

The Gold Hill News publishes this: Mr. Editor:—Please insert the enclosed "squib," which will afford great merriment to many in our congregation. A. C. GILLIES.

GOOD WORK.—Upon reviewing his whole life, Rev. A. C. Gillies thinks his chance of getting to heaven is pretty good, for he has killed four Elders—one in his first pastorate, one in his second, and two in his last. Mr. Gillies is evidently growing in grace. Gillies is the man we want in Reno. We don't know how many Elders it takes to guarantee title, but he could work up his score a few notches here with material benefit to the church.

## FOR GOVERNOR.

The Times-Review believes that Senator Westcott, of Lincoln, would make an available candidate for the gubernatorial chair. That paper thinks that all the Republicans named for Governor are bonanza men, and argues that Westcott will gain strength by reason of his anti-compromise record.

It is unfair to presume that the Republicans can not put up a man of the people, who will be sound upon the bullion question; it is underrating their judgment to believe that they will not.

The police authorities of Brooklyn, New York, are putting the force on a war footing, in view of the proposed demonstration by the Communists.

## THE LATEST ANTI-CHINESE BILL.

A bill to regulate immigration, has been introduced in the House by a New York Congressman. Senator Sargent thinks it will have an anti-Chinese bearing. He fears, however, that section 2 will not stand the constitutional test. The New York advocacy of the bill proves that paupers and criminals are becoming objectionable even to the great metropolis. If they were landed by the thousands and every one was a pauper, or blood-sucker, then would New York understand the Chinese question. Following is the new bill referred to:

Be it enacted, etc.—That it shall be unlawful to bring to the United States or land at any port thereof, or at any place within their jurisdiction, any alien person who may be, or have been, within—years from the time of such landing, a pauper, lunatic, criminal—not including political convicts or criminals—an idiot, deaf and dumb, blind, maimed, or infirm person, or unable to support himself or herself, or any person kidnapped or transported against his or her will, or any person under a contract for the labor of such person, or any person brought or coming for the practice of immoral trades or occupation, or any person by or through whose presence in this country the free institutions thereof would be endangered.

Sec. 2. That any one of the United States having intercourse with foreign countries is hereby authorized from time to time to enact such laws, or make such police or sanitary regulations as may be necessary to prevent the bringing or landing of any of the aforementioned classes of persons to or at any port or place within the jurisdiction of any State. Such State and any such State is hereby authorized to provide by law or regulations from time to time for the return of any person belonging to the aforementioned classes to the places of their embarkation, and to prescribe penalties and fines, to be administered and recovered in any State Court, or any District Court of the United States, for any violation of any laws or regulations made or prescribed by any State under and by virtue of the authority contained in this section.

## MISREPRESENTED.

Zephyr, the Reno correspondent to the Virginia Enterprise, seems to write of facts as he would have them, instead of as they exist. His letters at first betrayed unworthy personal motives and prejudices, and now he attempts to write up our politics. Mr. J. C. Hagerman, of this place, is a Democratic candidate for Governor, and although his candidacy does not interest us, except as matter of record, we shall always claim for him fair play. This windy individual misrepresented and misquoted the gentleman's remarks in a way which was rather contemptible. Mr. Hagerman, at the workmen's meeting, was asked his opinion, and stated that he approved of the earnest desire of the workmen to obtain the disputed ditch contract, and would help them to equalize their bid by a contribution of money. This was the extent of Mr. Hagerman's affiliation with the workmen, and Zephyr either knew nothing of the meeting or deliberately misrepresented it. The best of taste is not evinced by the Enterprise in publishing such interested communications as Zephyr writes, but if that course will help the Enterprise any, we do not object.

## GENERAL WILLIAMS.

Some Senatorial rumors, made public through these columns, have been extensively copied and commented upon by the coast press. The likelihood of General Thomas H. Williams again entering the list of aspirants seems to be accepted as something akin to a settled fact. The Democrats of Nevada are in a poor fix (poor is the word) to make a strong fight for the Senatorship. What is needed is a moneyed leader. The State has been so badly demoralized that there is little hope of Democratic success without the "sineews of war" turned loose where they will do the most good. There are Democrats in Nevada who do not like General Williams personally yet we have no doubt that if it became obvious that through his efforts and coin the State could be carried for the Democracy, all would rally enthusiastically to his standard. The matter resolves itself to this: Williams can be Senator from Nevada if he wants the place.—Enrka Sentinel.

That is good reading, and is a brief statement of the Democratic platform. The Republicans will "kick the stuff" out of it.

The Democrats of Pennsylvania have fixed upon a man as their candidate for Governor whose record is so bad that they are obliged to issue a pamphlet in his defense before they have nominated him. This is a clear waste of ammunition. If he is nominated the party will vote solidly for him without regard to his past shortcomings.

## ALONG THE V. & T.

Washoe Valley Items—Ditches, Flumes, Crops, Personals, Politics, Etc.

It was ours to take a turn to Franktown and other points in Washoe valley a few days ago, and to grasp the honest hand of a number of friends, take note of their prosperity and enjoy a day of recreation.

To the left of the track and here and there to the right, between Reno and Steamboat, were to be seen fields of rich and growing alfalfa. Farther away to the right extend hundreds of acres of rich land which now gives nourishment to the invincible sagebrush, but which the waters of the promised

STEAMBOAT AND TRUCKEE IRRIGATING CANAL

and the industry of the owners of this land, will in eighteen months produce remunerative returns of vegetables, hay, etc., and thus mark the home of the thrifty farmer. The allowing and accepting of Chinese bids by the company we found is condemned by a number of those with whom we conversed. It was held that the leading stock-holders evidently intend to freeze out the small farmers along the route of this canal by heavy assessments which they have no way of meeting. Better, it is said, that all parties interested in this new ditch should have an opportunity to pay for a part of the stock and the cost of its construction by work on this ditch than to be shut out from all such opportunities by a foreign Chinese company.

Mr. Chas. Gilchrist, of Brown's NO CHINESE.

station, last week let a contract for the cutting and fluming of 25,000 cords of wood. But he had it particularly understood that no China bid would be received, and white men have the contract and are now at work filling it. But if capital means to fight labor, if those who can give employment to their fellow workmen choose the lowest class of a pagan nation in preference, how may an American justly censure an occasional positive expression of the poor white laborer's discontent? If these latter, in their crude practical provision for their common wants, come roughly and perhaps violently in contact with the Chinese, who shall raise his voice in condemnation of the asserted discontent of his white brother?

## STEAMBOAT AND VICINITY.

At the Nevada Quicksilver mines nothing in particular is being done. The financial embarrassments under which that property now struggles has not entirely lessened its hold, but Mr. Pierre Humbert is removing this incubus, and a few weeks or months hence this mine may prove a rich and paying claim.

The Steamboats Springs are receiving, with the return of warm weather, increasing patronage. The farms in Pleasant valley look finely which of course is chiefly due to the irrigating streams from Washoe lake. This is the lake which the Comstock papers thought of no value and recommended its drainage. The man or set of men, who attempt to drain Washoe lake, will have more injunctions and lawsuits on his hands than are generally sought by the law abiding citizen. Messrs. Baldwin and Partridge, who have purchased the tailings at the old Parks mill in Washoe canyon, just this side of Washoe City, are engaged in erecting a mill and providing apparatus for the reduction of these tailings of the old Ophir mill.

## WASHOE HAS LOST.

nearly every vestige of its former business life and mining bustle. The Morgan galena claim near by, may soon be heard from, and some quiet prospecting in the vicinity of Washoe is being carried on, but we found nothing in or about the place of special interest to note at this time. The little school of Washoe is being taught by one of our Reno ladies, Miss Callie Smart. She has a school of thirty or more scholars, and is rendering satisfaction to all concerned. No wood will be flumed to Washoe this season.

## FRUIT AND OTHER CROPS.

From Washoe to the head of the valley the fruit and hay crop promises a much larger yield than last year. The farmers say that if no heavy frosts fall between this time and the middle of June, that the fruit crop especially will be the largest ever raised in Washoe valley. Ross Lewers, who has the largest orchard in the valley, will raise probably forty tons of fruit and berries. He claims that his fruit trees are becoming each year more acclimat-

ed, and also that trees raised from the seed are more hardy than those which have attained one or two years growth in the Eastern States. He has several thousand fruit trees and berries, and a number of varieties of each kind: One in particular engaged our attention, viz: a black apricot. The fruit he informs us is very rare and while it is black when ripe, yet it is very rich and makes an excellent preserve or can fruit. Mr. C. Simons says he will raise more than twenty tons of apples this year unless an unprecedented "cold spell" injures or destroys his present growing fruit.

## THE BOWERS' MANSION.

of which we have recently spoken, is now being placed in excellent condition for picnic parties, and those who wish to stop for a few days or longer at a quiet yet most lovely retreat. The grounds are in order, the grass is growing finely, and those beautiful shade trees are leaved in cerements of green. The bathing ponds, swings, dancing hall, croquet grounds, and the palatial mansion itself are in the best condition to please the public and enable a party, large or small, to enjoy themselves in the jolliest and most agreeable way at this, the boss picnic ground of Nevada.

## PERSONAL.

We have written at a greater length than was our intention, and therefore will let several of our old-time friends of Franktown have a vacation. We want very much to speak of attorney E. Owens, and why he sold Gunger; also about that widow of his, but no, "the Judge don't like any back talk." Billy Cobb and Maurice May hold their own, and Harcourt, the Justice of the Peace and best dressed man in the town, has an aversion to the "heathen Chinese" and sentences them to the full extent of the law. One fellow was sentenced to ninety days in the county jail for stealing a stick of wood. If Ah Me had stolen an entire cord he would have to live as long as did Methuselah to serve out his sentence. But C. A. Lee, who runs a general provision and merchandise store in that burg, has recently committed an act which he has the heart to say he does not in the least regret. A most pleasant and estimable young lady by the name of Miss Mollie Hughes, was peacefully residing near Ophir in the cosy home of her fond parents. Lee's heart was susceptible and his eyes observing, and these have induced him to act in a very queer manner lately. On Sundays he would array himself in his best store clothes, and seek the presence of Miss Hughes. Last Sunday he brought a strange man with him, who called Lee and her upon the floor, and after a few words bade them clasp each other's hand, and now the law says she is no longer Miss Hughes but bears the name of Mrs. Mollie Lee. And yet for this very act his fellow citizens congratulate him and wish her the best luck.

## FLUMES.

The Franktown flume and Mill station flume will not be used this year, but instead a new flume which is now being constructed from a point near Marlette lake to Lake View, on the V. & T. R. R. The object of building this long flume instead of using the one at Franktown and the one at Mill station, is to avoid pulling up the hill out of the south end of the valley. It is also proposed that Marlette had an eye to the irrigation of certain tracts of land belonging to himself, and which are located just below Lake View.

## POLITICAL.

Politics do not engross the attention of the citizens of Washoe valley to an alarming extent. We found them interested in their new road to Virginia city, in their farms, and of matters appertaining to their home surroundings. Notwithstanding this they were not a little desirous of knowing how this end of the county wagged, what are the prospects of several announced candidates, etc. They feel a live interest in the matters reported on by the last grand-juries, and are anxious that the Board of County Commissioners shall take cognizance and definite action upon these reports. Several leading men expressed their belief that some of our present county officers would have to look for their employment at the close of their present term of office. Others thought one or two, perhaps the Auditor and Assessor, might be re-elected. The District Judge we found less popular than we had anticipated, and his re-election seemingly questioned. They hold that this county is entitled

to a Judge who is a resident of the county, and that we have lawyers who would be less influenced in their decisions, and who are close students and better judges in the law than the present incumbent. It is not our purpose to discuss these views at this time, but only mention them as an expression of the opinions of a number of residents in and near Franktown.

The grand jury of Sacramento yesterday presented nine indictments against the ex-Recorder and Auditor of that county, R. C. Lowell. All are for felony and the charges relate to false returns on his fee-book and alleged fraudulent warrants presented to the County Treasurer. Three indictments were presented against ex-District Attorney, Charles T. Jones, also for felony, and these relate to his failure to pay over to the city delinquent taxes by him collected at the time required by law. The money has been paid, but his books were expeted by an accountant.

Dennis has gone back to Florida full of wrath at the Democrats. He swears that they broke faith with him in publishing his confession, and says they dare not begin an investigation lest they hurt themselves more than the Republicans. Things do begin to look that way. But they are likely to pluck up courage yet—and that will be just so much the worse for them.
